Snake Arm

Snake Arm is a compact and versatile solution for mounting lights, cameras and accessories. Simplify your mounting equipment and travel as light as possible without compromising grip power.

**Maximum adjustability and payload,
minimum weight.**

DADO

Dado is the universal junction that connects every kind of device from monitors to cameras, and from lights to supports. Create your own professional set up in the most intuitive way

**The universal junction that empowers
your creativity.**

SNAKE ARM

The snake arm is designed to hold a light fixture or camera in place, in a variety of situations. It will delight pro photographers, amateurs and videographers thanks to its flexibility, lightness and compactness.
